

ProfitStars and ICBA Expand Scope of Preferred Service Provider Relationship

- Accounts receivable financing solution added to Preferred Service Provider relationship -

MONETT, Mo., Aug. 18, 2011 /PRNewswire/ -- Jack Henry & Associates, Inc. (NASDAQ: JKHY), a leading provider of technology solutions and payment processing services primarily for the financial services industry, today announced its ProfitStars® division has expanded its Preferred Service Provider relationship with the Independent Community Bankers of America (ICBA). The new agreement adds ProfitStars' BusinessManager® to the website design and hosting, remote deposit capture, and security services already provided to ICBA member banks at exclusive discounted rates.

BusinessManager is a Web—based accounts receivable financing solution that enables banks to maintain lasting, profitable relationships with small- and mid-sized business customers. Backed by more than 20 years of experience, BusinessManager has helped hundreds of community banks generate recurring fee income and supports creditworthy businesses with the management and funding of accounts receivable financing alternatives.

Dan Clancy, ICBA executive vice president of services, explained, "There is a great market opportunity for community banks to evolve their approach to traditional lending and capitalize on the possibilities available with small businesses. Providing BusinessManager to our members was a logical progression of our relationship with ProfitStars. Not only does the solution contribute to our members protecting and growing their margins, but it is also a significant risk mitigation tool, giving financial institutions more knowledge and control over their lending operations."

Select ProfitStars' solutions have been ICBA preferred services since 2005. The agreement was recently extended through 2015 to offer member banks exclusive discounts on remote deposit capture, security, and website design and hosting services as well as added discounts to specific complementary solutions, including ProfitStars' Enterprise Payments Remote Deposit Capture Processing Services and Gladiator Phishing and Defense Service.

According to David Foss, president of ProfitStars, "We are happy to once again expand our relationship with the ICBA and its member banks. The addition of BusinessManager to our Preferred Service Provider agreement provides an ideal and proven solution for community banks to further enhance their profitability."

ProfitStars maintains its Commercial Lending Online Knowledge Center to educate financial institutions on moving beyond traditional lending strategies, whether diversifying their portfolio or expanding their commercial business base by bringing in new deposits, growing earnings, and enhancing asset quality. Found at <http://discover.profitstars.com/commercial-lending-knowledge-center>, the microsite creates a central repository of best practices for financial institutions on how to lend efficiently without sacrificing quality or performance.
